

The Alert Window

The alert window is located at the bottom of the map page. If no alerts have been sent to the account, the window will have empty fields.

The screenshot shows a software interface with a top navigation bar containing 'MAP', 'CUSTOMER', 'SCHEDULE', 'ESTIMATES', 'INVOICES', 'TIMESHEET', 'SNOWTRACK', 'MESSAGES', and 'REPORTS'. On the left, there are tabs for 'Vehicles' and 'Employees', and a list of employees with their names and job titles. The main area is a map of a region with a search bar and a 'GO!' button. At the bottom, an 'Alert' window is open, displaying a table of vehicle safety alerts.

Date	Time	Vehicle	Employee	Location	Alert	Actual Speed
12/29/2018	03:06 PM	02 RAZ X5	-		Speed Alert: Speed Over Alert, Speed=72.1, Vehicle ID=[2] RAZ X5	72.1
12/29/2018	02:47 PM	02 RAZ X5	-		Cornering Alert: Aggressive Cornering, Speed=32.7, Vehicle ID=[2] RAZ X5	32.7
12/29/2018	02:45 PM	02 RAZ X5	-		Speed Alert: Speed Over Alert, Speed=73.9, Vehicle ID=[2] RAZ X5	73.9

The screenshot shows the same software interface as above, but with a different map view. The 'Alert' window at the bottom is empty, displaying the text 'No matching records found'.

DATE	TIME	VEHICLE	EMPLOYEE	LOCATION	ALERT	ACTUAL SPEED
No matching records found						

The alert window shows vehicle safety alerts that have been triggered. Click on any column header to sort the alerts alphanumerically according to the selected header. Scroll down the list to view all vehicle alerts.

Date	Time	Vehicle	Employee	Location	Alert	Actual Speed
12/29/2018	03:06 PM	[2] Raz X5	-		Speed Alert: Speed Over Alert, Speed=72.1, Vehicle ID=[2] Raz X5	72.1
12/29/2018	02:47 PM	[2] Raz X5	-		Cornering Alert: Aggressive Cornering, Speed=32.7, Vehicle ID=[2] Raz X5	32.7
12/29/2018	02:45 PM	[2] Raz X5	-		Speed Alert: Speed Over Alert, Speed=73.9, Vehicle ID=[2] Raz X5	73.9

A number of safety alerts can be set up such as speed, power disconnect, hard braking, quick acceleration, and many others. Setting up vehicle alerts is covered under the article Set Up Vehicle Alerts. Set up includes the color of the alert when it is displayed on the window.
